

I'd like to take this opportunity to thank Andy and the Retrofit team for completing a first class job. They have recently fitted an Electric Vehicle charging point in my home.

The whole process was completely painless from start to finish. The fitting team are polite, professional and knowledgeable. Importantly there was no mess to tidy up when they had finished.

I wouldn't hesitate in advising everyone to get one fitted as they are completely free. I would only recommend one company to do it and that is Retrofit.

Thank you very much.

Mark Jackson.
